Additional information

Additional information: Ethnographic Aerial complex – Zlatograd:
The greatest modern place of general interest in the Municipality of Zlatograd is the unique Ethnographic Aerial Complex – Zlatograd (EAC). The idea of creating it was realised by the owner of the BULTEX Ltd. Company. This is the first in Bulgaria (and for the time being, the only!) private ethnographic Aerial complex.
The numerous sites, some of which have been reconstructed with the assistance of the PHARE and SAPARD programmes, disclose and reflect the natural-geographical specifics and the wealth of the millenniums-long history of the Zlatograd ethnocultural area, and above all, those of Zlatograd and the settlements in the municipality. the location of the sites in buildings – architectural monuments of culture, included in an architectural reserve. . In 2004 EAC was included on the list of the 100 national tourist sites in the Republic of Bulgaria. In early 2006 it was declared “the best unique ethnographic complex in Bulgaria.

Places of Accommodation:

The total capacity of the hotel base of Ethnographic Area Complex is 150 beds – disposed into four guest houses and one hostel (tourist house). Tourists could make a choice between the comforts of 3-star “Pachilov’s house” and “Alexandrov’s houses” and the coziness of 2-star “Korucheva house”. All of the houses have a perfect opportunity for rest in the pure atmosphere of the times gone by. “Pachilov’s house” and “Korucheva house” are restored monuments of culture preserved their revival fascination and adapted to the modern requirements of places for accommodation. In the newly built “Alexandrov’s houses” are successfully combined the revival vision with modern conveniences. For big and organized tourist groups Ethnographic Area Complex offers accommodation in “Grebenci” hostel – with hotel’s part and dormitory.

Food and beverage:

The complex includes:

Restaurant - Vinery "Aleksandrov houses"

The tavern – eating-house “Belovidovo”

The tavern – eating-house “At the Water-mill”
