Additional information

Additional information: If you're looking for a cosy place to stay, then cross the threshold of the "Milushevi" family to enjoy some legendary Rhodope hospitality. Our golden rule is "You are only a visitor in the house until you take your shoes off!". The house has 3 three-bed rooms and 2 double bedrooms with TV on two heated floors. On each floor there are two common bathrooms adjacent to the bedrooms. For guests' use there is a living room with 16-seats in the folk style with an open fireplace and a fully equipped kitchen, or, you can let yourselves be spoiled by the landlady who will prepare you a wide variety of Rhodope and other dishes. The landlady is a professional cook and by arrangement, can offer you breakfast, lunch and dinner from our menu or according to your personal choice. Here's your chance to try some delicious, unique Bulgarian cuisine that you won't find anywhere else.

Various pastry delights and typical Rhodope dishes such as roulade, mash, "rodorski klin", "patatnik" (a

potato, cheese and egg dish) and many others will tickle your tastebuds. Not forgetting of course the organic, homemade produce such as milk, yoghurt, cheeses, and blueberry and wild strawberry jam.

If you are visiting in the summer, you can pick your own mushrooms and forest fruits. The house is only 100-200m from the forest. And for milk at breakfast-time, animal lovers can milk the cow and reward her with some hay! We can offer our guests organized, accompanied walks and trips, a typical Rhodope evening meal in one of the village bars, entertainment in the snow in winter, lots of entertainment in the nearby resorts of Pamporovo and Chepelare, as well as complete information on the best wintersport facilities in the region - ski/snowboarding, lift tickets and the best ski instructors (six professional ski instructors live in the village). If you're flying to Bulgaria, transport from the airport and within the region is easily arranged. Once you're here you can get further information on prices and additional opportunities for entertainment and relaxation. The landlady speaks fluent German and very good Dutch and English. So come and visit us! Welcome to Progled and Milushevi House!
