Listing details

Location

City: Несебар
Address: APOLON 1

Common

Title: APOLON 1
Property Type: Hotels
Price: € 25.56

Additional information

Additional information: Apolon 1, offers apartments for vocational rent (type: "Studio"), a one bedroom apartment or single rooms from it. It is the first building of the newly built luxury complex of five buildings, which are found on one of the most picturesque places on the Black Sea coast. With an exclusive coast of a sunken ship, a one kilometer distance from the city of Ravda, and a two kilometer distance from the city of Nessebar it offers a very convenient location. The complex also offers: two swimming pools for adults, one swimming pool for children, a tennis court, a small football field, a gym, and a 24 hour security patrolled parking. Every room comes fully furnished and includes: two orthopedic mattresses per bed, a mini bar, and a 21inch color TV with cable. Every room has access to a balcony which has a partial view of the sea. In the building's close vicinity there are three convenient stores and a lot of restaurants on the sea shore. The beach is just 30 meters away from the complex's entrance. Located 500 meters

away is an aqua park including many kinder attractions and water slides. Ravda and Nessebar are only ten to fifteen minutes away by foot, and are great place for entertainment or just a nice walk. Close by is the "Fisherman's Restaurant" which is one the few restaurants that offers, just caught, fresh fish. The most attractive place, however, remains to be the old city of Nessebar with its picturesque cozy streets, historic remains and sights, and restaurants which spread right over the sea. A few miles away is the world famous resort of Sunny Beach, well known for its luxury hotels, night life and many other attractions. Extras: Open pool, parking, tennis court, kids swimming pool, barbeque, cable TV, air conditioner, mini bar, bath, toilet, microwavable oven, washer, balcony, view of the sea, iron and ironing board, and hair dryer.
