Additional information

Additional information: A Renaissance house restored in a way to satisfy our modern lifestyle.

It has preserved the spirit and the traditions of the old times – the fire places in the rooms, the oven where bread was baked, the warm wooden ceilings and all those things which create the unique coziness of our predecessors' homes.

Villa Tanya is the perfect place to seclude yourself in the silence of the village.

The unique and well-preserved collection of typical for the region dishes and fabrics is also of interest.

In addition, Villa Tanya offers its guests a tavern and unforgettable nights in front of the fire-place.

Apart from the children's playground with swings and other equipment, we offer a mini football

playground to our youngest guests.

Location:

Village of Armyankovtsi, 8 km away from the town
of Tryavna, on the road to the village of Voneshta
Voda.
