Additional information

Additional information: Maliovitsa is situated within the Maliovitsa sub-part of North-Western Rila, at about 1950 metres above sea level.

An asphalt road connects it to the village of Govedartsi (13 km) and to the town of Samokov (27 km). There is a regular bus transport to the village of Govedartsi and once per day to the town of Samokov.

Malyovitsa is a symbol of Bulgarian alpinism and mountaineering and a natural base for alpine sports. Along with the sublime mount of Malyovitsa, a dozen more Alpine peaks rise within the region, which turn Malyovitsa sub-part into the most preferred site of high-mountain rock climbing in Bulgaria. It is namely here that the highest Alpine walls and the most difficult rock tours are located. One of the most beautiful high-mountains on the Balkan Peninsula - the Strashnoto Ezero (the Frightful Lake) is located in its proximity, too.

The Malyovitsa Chalet (an old and a new building as well as wooden bungalows) is situated at an hour-walk from the resort, against the stream of the Malyovitsa River, at over 2000 metres above sea level, where one can find accommodation and buy some cooked warm food.
