Additional information

Additional information: Villa Oraka is situated in the picturesque village of Stoikite, 4500 feet above sea level, in the heart of the Rhodopes Mountain, known among the locals as "Rodopite". It is 5 miles away from the ski-resort Pamporovo, 10 miles from the pearl of Rodopite-the town of Smoljan and 60 miles from the historical town of Plovdiv. The Villa is located in the highest rows of houses, providing great views of Mt. Snezhanka and peaks at eye-level.

Our Villa is offering authentic Bulgarian country style atmosphere, fostered by the wood-carvings almost anywhere you can lay your eyes on. The Mehana - Folk Style Tavern is furnished with typical traditional Rhodopean bags and wovens.

Observing the still burning coals under the grill-cooked dinner in the real-log fireplace provides you with both dinner and romance.

And still the great relaxing experience is all due to the calmness of the mountain, the green of the pastures, the lambs and cows greezing nearby, the great views from every balcony and window and the authenticity of a real Rhodopean village, where time has preserved for itself real Rhodopean traditions, food, songs, language and people...

The general idea is to rent the whole place so we can provide you with all the comfort and privacy you, your family and friends will need for a relaxing (or may be active) vacation.

We can accomodate 7-9 people and in case of extra bedding needed we can provide you with a pull out sofa.
