<p>Guesthouse "Kandaferi" is in the village of Miikovtzi, 13km away from the

town of Elena (in the middle of Stara Planina mountain).

There are lots of small hamlets scattered all over the area. One of the most attractive places is Miikovtzi. The mayoralty of Miikovtzi is part of the Elena region municipality. It consists of 2 villages - Miikovtzi, Ignatovtzi and four hamlets - Gorni Tanchevtzi, Tupuzi, Visokovtzi, Ralinovci. There are two more hamlets which are later included. Duhlevtzi becomes part of Miikovtzi and Atlartsi is no longer in the lists of settlements because there are no people left there.

The hamlets are huddled together in a beautiful valley at the foot of Chumerna peak (1536 m). The total number of the inhabitants is 90 people, who make their living by farming, cattle breeding and logging (timber industry).

The village of Miikovtzi is founded about 13th century. According to the legends it was set up by a settler called Miiko who came from the town of Veliko Turnovo. The village was named after him.

The village is surrounded by small and high hills. There is a majority of small streams coming from the heart of the Balkans. The place has specific climate, influenced by the Aegean so there are excellent conditions to rest.

The summer is sunny and cool and the winter is soft and snowy. In summer the rivers are excellent for swimming and the glades nearby are favourable for camping.

There are also many places for one-day hikes (picknicks). There are fruits like strawberries, blackberries, raspberries; mushrooms and various useful herbs growing in the meadows. The hills around the village not only offer a picturesque view but also protect the place from unfavourable atmospheric conditions.

The road from Elena to Miikovtzi is practicable all the year round.

A lot of tourists come to Elena region because of the beautiful countryside and a comfortable house in the mountain is indeed an advantage and convenience.

The hosts of "Kandaferi" house are always pleased to welcome every guest who steps in. They are always at hand providing accomodation, comfort and entertainment.

Getting in touch with the mountaineer's lifestyle, spirit, customs and traditions in combination with active rest and facilities during the stay becomes more and more attractive to the Bulgarians as well to the foreigners. The statistics show that tourism in Bulgaria has proved a constantly growing interest for the last 5-6 years in contrast with that in Europe. It is due to the traditional forms of holiday offers - sea and mountain tourism, as well as to a new one rural tourism. You will surely like it! You are welcome to guest house "Kandaferi".
