Additional information

Additional information: Here, at the foot of the Pirin mountain, houses look like monasteries with their tall stone walls and small shuttered windows. The true Bulgarian spirit is kept hidden behind fortified walls and heavy gates leading into spacious rooms with friezes and carved-wood ceilings and doors, hand-woven rugs and embroidered cushions, to murals, icons and the exquisite iconostasis in the Sveta Troitsa (Holy Trinity) church (1832-35).

Bansko's unique atmosphere is further enriched by the distinctive sound of Bansko men's songs, the idiosyncratic sense of humour of Banskalii (Bansko residents), the mature red wine and tempting specialities of traditional Bansko cuisine.

Here, embraced in the authentic hospitable atmosphere of Bulgarian traditions, you are warmly invited to stay at hotel "Bansko", opened on 6th December 1996. The four-star hotel will welcome you all year round with the characteristic local hospitality and will create for you the special

moments you need.

Hotel “Bansko” has two wings – 4 and 3-floors respectively, two lifts for guests, local heating system and air-conditioned restaurant and reception area.

For your relaxed and unforgettable indulgence in the atmosphere of Bansko, the hotel with the same name has 51 rooms:

2 single rooms

25 double rooms

8 one-bedroom apartments, five of these being two-storey apartments

4 two-bedroom apartments, one of these a two-storey apartment

As guests to the hotel you are granted free transportation to the pistes when facilities are working; parking space; safekeeping of your personal skiing equipment; swimming pool, gym and sauna.

For the full convenience and pleasure of your stay you may rent - depending on the season - mountain bikes or skis (with shoes and sticks), and if you are still a beginner, there are skiing and snowboard instructors ready to help you; while in the hotel you can play billiards or videogames; there is a playroom for our youngest guests. Naturally you can also drop by the gift shop selling sportswear and personal care items, while for the best look of your clothes hotel “Bansko” offers you pressing and laundry services. For a daily fee of € 2 you can also use the additional safety provided by the hotel safe deposit box. If you are not tempted by the pistes you may enjoy a trip to the heart of Bansko or to Melnik, the Rojen Monastery, Rila Monastery or Sofia.

“When resting, one works best!” - on that assumption you may choose to organise your business meetings or establish new contacts here. The hotel features a business centre and 3 conference halls - a large one (seating 60 persons) and a small one (seating 20).
