Additional information

Additional information: *Камеи Бряг е село на българското Черноморско крайбрежие с уникална атмосфера и енергия. Близо до селото е известният Яйлата национален резерват - известен с флора, фауна и археологически обекти. Големите скали правят тази област почти недостъпна, освен по няколко тесни пътечки сред скалите. Полето там завършва внезапно с високи скали, които се спускат директно до нивото на морето. Селото е предпочитан туристически център за много хора, които искат да се отпуснат за малко от заетия живот.*

everyday life.

Yaila' World's End Villa is a two floor house located at the end of the village on the way to Yailata National Reserve. The area is very quiet and peaceful. The villa is brand new, arranged with new classic style wooden furniture. Barbecue. TV with Bulgarian and Romanian channels. There are two terraces with panoramic view.

</i><i>Hammock on the second floor.

</i><i>Dear global travelers, our personnel will always be happy to welcome you home and take care for your comfortable stay! You like the description above but you still prefer the crowded beaches south from Varna? You are desperate to spend your time in Albena, Golden Sands or Sunny Beach? Don't you think that sometimes in our life we miss the little pleasures following the cliches...
If you do not consider booking with us we will at least be proud to show you our nature and our sea water - clean as a tear, the remnants of the fortress and the smell of herbs...

Just take the exit and visit Kamen Bryag!</i>
