Additional information

Additional information: Holiday Village "Iva" is located at the shore of the picturesque Dospat Dam Lake in the wonderful Rhodopy Mountain. The village itself occupies an area of 10 000 sq.meters at about 1200 meters height above the sea level. "Iva" comprises a monolithic building (concrete-brick structure) with 1 flat and 8 well appointed rooms. Each of them has a lavatory with shower, some are complete with a kitchen, refrigerator, stove and kitchenware.
Besides, Holiday Village "Iva" offers 11 bungalows, well designed and appointed from functional point of view. The bungalows vary in architectural configuration and could meet a wide range of personal tastes, requirements and preferences. Each of them has a balcony and the complex itself is within the range of a satellite TV link.
Holiday Village "Iva" is a symbol of environmentally friendly and comfortable atmosphere in which people of all ages could spend their leisure time in harmony with nature.
