Additional information

Additional information: The Saint Spas Balneocomplex is the newest five-star complex in Bulgaria, fully supplied with mineral water. It is located at a place of the same name, at the end of the town, in the Chapinska river valley, among pine-tree hills, wide velvet meadows, crystal blue sky and south Rhodopean sun...the Orpheus mountain. It is a peace of the earth that was blessed with a healing gift, known even before the ancient times with its Roman and Turkish baths and described later in the travel notes of Aleko Konstantinov and Ivan Vazov. Here is located the biggest mineral spring in the town - the Radonova bath, as well as one of the wonders of the Bulgarian nature – the Kleptuza Karst spring – the biggest at the Balkan Peninsula. The hotel part of the complex has 105 standard rooms, 4 VIP studios and 115 luxurious apartments – attractive as design and color decision, with heavenly views southwards and northwards towards the awesome Rhodope Mountains. All rooms in the hotel are equipped with

LCD TVs, mini-bars, internet, satellite and
telephones in the bath, as well as in the room.
Outdoor and indoor car park for 120 cars.
