Additional information

Additional information: The mini-hotel (two stars category) of Valentin Valkov is situated in the heart of the Bulgarian museum-village Jeravna.

The house is older than 300 years. It is a typical Bulgarian Renaissance wooden house with hand-made wood-carvings and fine wooden details. The interior and the exterior are completely authentic, the same as they were before 300 yeras. In addition, to aswer the modern expectations of our clients, the house was repared and renovated, modern bathrooms and a small tavern were added.

Welcome!
